

Poster Exhibition at the 2nd European Titanium Conference

27th & 28th March, Tortworth Court, Bristol

Background

The Titanium Information Group will be hosting the 2nd European Titanium Conference at the world-class Tortworth Court, Bristol, on 27th & 28th March 2012.

The conference will feature a poster exhibition and competition, in which students and researchers will have the opportunity to showcase their work to world-leaders in the field of titanium. The poster session will take place on the evening of 27th March prior to the conference dinner, and will be judged by a panel of renowned experts with a prize for the winning entry.*

Students attending the event will benefit from exceptional rates; the fee for the conference, including accommodation and meals, is £300+VAT. This is Europe's leading conference for titanium, featuring over 40 presentations from across the industry during the two days (for more information see the conference flyer). Students and researchers will find this an invaluable opportunity to gain exposure, discuss with fellow researchers and engage informally with prospective future employers.

Submitting a Poster

If you would like to submit a poster to the competition, please register for the conference and e-mail your intent to enter the competition to jenny.barratt-jones@namtec.co.uk by **Friday 9th March 2012** at the latest.

*** First prize of £200**
